

# Crisis Management Software

Safeguard lives, health and valuable assets  
- in one system

- ✓ Quickly notify your Team
- ✓ Track your crisis response
- ✓ Organize tasks with checklists and action cards
- ✓ Keep all stakeholders updated at every stage

## ✓ IMMEDIATE MOBILIZATION

Make your crisis management plans easily available to the employees who need them, wherever their location.

Immediately notify the relevant people via app, text, voice mail and email – while registering all responses.

## ✓ EFFECTIVE CRISIS MANAGEMENT

Status Meetings and conference calls let you remain in constant contact with your team.

Gain a complete overview of the entire management process; past present and future.

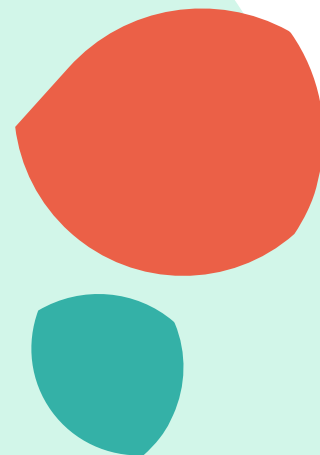

## ✓ BUSINESS CONTINUITY

Manage critical situations with predefined scenarios and associated tasks in an easy-to-use solution.

## ✓ ACHIEVE COMPLIANCE

Ensure your business remains compliant and all necessary crisis procedures are enacted and followed.

## Benefits

### ☰ CRISIS MANAGEMENT PLAN

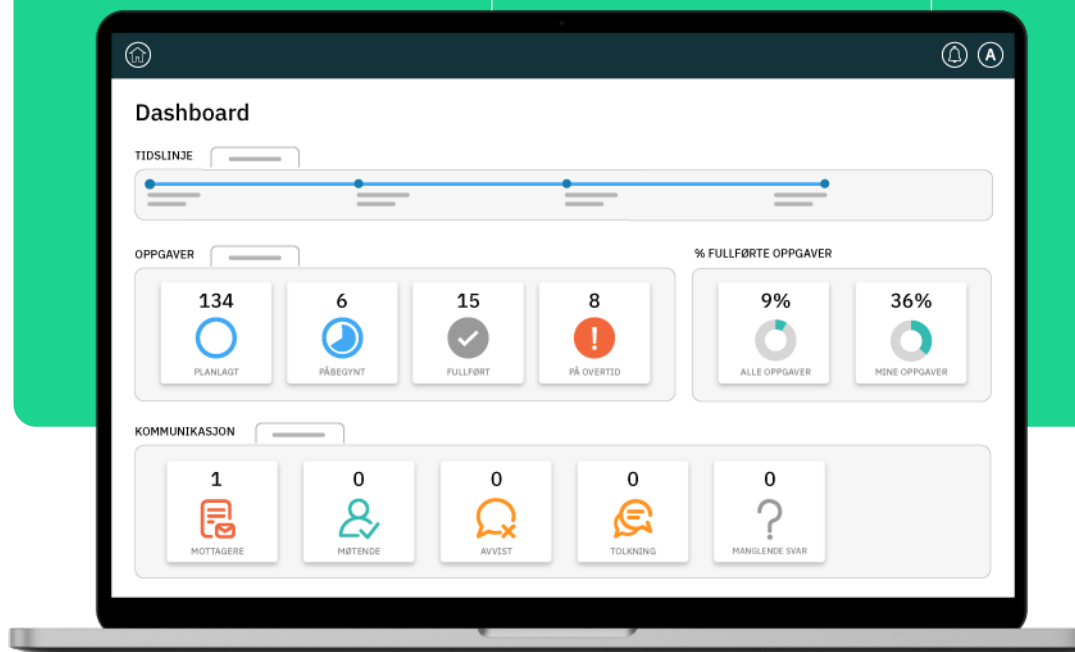

Get access to updated alarm lists, necessary resources and templates for easier management.

### ☰ CRISIS MANAGEMENT

Overview, insight and management – all in one system. Supports collaboration between functions and levels.

### ☰ EVALUATION

Evaluate your management of a crisis or event. Improve your responses for the future.
